

Regarding KLOVE radio station: KLOVE provides me, as a resident of the local community, positive and encouraging air time. If you choose to remove KLOVE and replace it with a LPFM broadcaster you will be discriminating against Christian broadcasting and removing from the community a great source of encouragement, uplifting and positive influence.

I believe that the service provided by KLOVE also gives our teens and children positive feedback. The station provides encouragement to people. Have you ever listened to KLOVE? It is awesome. Regardless of the stresses in life, you can turn on KLOVE and be lifted up, reminded that God loves you and that you are important to him.

Please, find it in your heart to leave KLOVE on the air.

Thank you for your time.

Robin Johnson
